Pupil Premium

Children who are registered for Free School Meals on the January Census Day, also become entitled to Pupil Premium Funding. This fund is aimed at improving life chances for pupils from disadvantaged backgrounds and is paid directly to schools. It is up to each school to decide how best to spend the money to create the most positive outcomes for the children in their care. Once a child becomes eligible for Pupil Premium Funding, their school will continue to receive this money for the next six years, even if their financial circumstances change.

The Learning for Life Partnership

Within the Learning for Life Partnership, Pupil Premium Funding is used to support children based on an identification of need. This includes financial support with school trips, school uniform and after school clubs; academic support through bespoke intervention; and nurture based support. The projects that are funded each year and within each school across the trust will vary depending on the needs of the children at the time, however we aim to create a fair and equal system for all children.

Voice of the Child

All children who are eligible for Free School Meals or Pupil Premium Funding have an individual mentor. They meet with their mentor once a term to talk about how they are doing and to identify any areas where they feel they need some extra support. This could be anything from help with friendship issues, to a subject they are struggling with in class, to having no PE kit. These meetings give us a great insight into the best ways of using the money we receive through Pupil Premium. Their individual mentors also become a trusted adult in school who the child can speak to if ever they have a problem.
